## OUR AGENCY

---

*Wet & Dry are an elite bar service with over 30 years of experience in the hospitality industry. Form and function are at the heart of what we do. Artistically crafting beverages and establishing the smooth running of any event – be it intimate or epic – is our modus operandi.*

# OUR SERVICES

## Service

Our staff are gifted bartenders and wait staff, chosen for their experience, skill, and charm.

## Bespoke menus

We offer prospective couples and/or wedding planners complimentary consultations in which we talk through their plans and respond with a tailored menu of drinks to reflect their vision for the day.

## Tasting Sessions

We provide tasting sessions in which our clients can try the cocktails we've created for them and ensure they are perfectly suited to their requirements.

## Logistics

While we are a London-based company, we have experience running the drinks service for domestic and international events, whether they are intimate gatherings or huge-scale, high-profile events. From celebrity weddings throughout Europe and as far as India to smaller (but nonetheless magnificent) wedding celebrations closer to home, we have decades of expertise in attending to every detail of this momentous day.

## From dawn till dusk

Our drinks service can span your entire event, from champagne breakfasts, cocktails receptions, lunchtime wine courses, toasts, evening bars, and beyond.
